

- Access to computers, and everything that shows how this world works, should be unlimited and total.
 - All information has to be free.
- Mistrust authority – promote decentralization.
- Hackers should be judged by their hacking, not by criteria as their look, age, race, gender or social status.
 - You can create art and beauty on a computer.
 - Computers can change your life for the better.
 - Don't mess with private data of others.
 - Utilize public but protect private data.
